Incoming Erasmus students come from partner universities within the Erasmus+ programme. The students can either take courses or can work on a project under the supervision of a CTU supervisor.

NON - DEGREE FEE PAYING STUDENTS
Students coming from a CTU partner university who do not fit within the balance of exchanged students may be able to come as non-degree fee-paying students.

ECTS CREDIT SYSTEM
CTU uses the ECTS credit system, and we require incoming Erasmus/Exchange (E/E) students to collect at least 15 ECTS/semester towards their degree program at their home university. Classes for E/E students are taught in English.

The International Student Club in collaboration with the International Office organises an Orientation Week to help international students to settle in (accommodation, registration procedures, transport pass, etc.) before the beginning of classes. Excursions are arranged to introduce the country and to bring students together.

Visa and Health
Students without an EU passport need a visa!
Students, who need a visa, can search for information here: https://www.mvcr.cz/mvcren/article/immigration
All students are required to have health insurance. Students not resident in EU/EEA countries are required to have health insurance before they can pick up their visa. Students from EU countries need to have a "health insurance document for abroad (E128)" issued by a health insurance company in their home country. Note that students who are not EU citizens and who do not have a valid Schengen residence visa need to apply earlier than students who are EU citizens and therefore do not need a visa.
